

Thank you, monthly giver!

2022
Update

We are so thankful to those who choose to support us by standing order. It may not be something we particularly promote as we love donors to go onto our website and choose which particular needs they want to meet. Yet the truth is, we LOVE our standing order donors, as your donations give us the flexibility we sometimes need to meet urgent requests that have been on our website for a long time, or help support needs in a region where not many donors have chosen to give. We hope you feel encouraged by the collective impact you are having on the lives of those struggling at the current time.

O is so grateful for her microwave and toaster. It's a simple thing to own kitchen goods, but she has practically nothing of her own. This is helping her, one step at a time, to rebuild her life. Thank you for helping this young woman.

I was so pleased to have been able to now have a bus pass which has given me a chance to get and keep my new job. Thank you all so much for your donations.

In the last 12 months our monthly donors have committed to giving over £64,000 directly to the needs of individuals.

Thank you all for donating to my counselling sessions which have made a vast difference to my self-esteem and confidence. I am now able to move on with my life and be at ease with my children again, through your kindness and compassion.

I will always remember what you all have done for me over the last weeks and months. Thank you again!
